January 3, 2024

Board of Supervisors
Tampa Palms Community
Development District

Dear Board Members:

The Board of Supervisors of the Tampa Palms Community Development District Board Meeting is scheduled for Wednesday, January 8, 2025 at **6:00 p.m.** at the Compton Park Recreation Building, 16101 Compton Drive, Tampa, Florida. The advanced copy of the agenda for this meeting is attached.

Enclosed for your review are the minutes of the November 13, 2024 CDD Board Meeting and also the documents outlined in the table of contents.

Any additional support material will be distributed prior to the meeting, and staff will present their reports at the meeting.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Maggie

Maggie Wilson Tampa Palms

cc: Patricia Thibault, Regional Manager Breeze Communities

Tampa Palms CDD Board Meeting Agenda

January 8, 2025 6:00 p.m. Compton Park Recreation Building 16101 Compton Drive, Tampa, FL 33647

- 1. Welcome & Roll Call
- 2. Board Member Discussion Items
- 3. Public Comments
- 4. Approval of the November 13, 2024 Minutes
- 5. Approval of District Disbursements
- 6. Consultant Reports

Neighborhood Updates (Includes Hurricane Restoration) Completion of Election Problem Resolution Economy & Investments Annual Organization Review

- 7. Other Matters If Introduced
- 8. Public Comments
- 9. Supervisor comments
- 10. Adjourn

Two Months Ending November 30, 2025

Executive Summary

As of November 30, 2024, The District has cash balances, net of liabilities, of \$4.0 M; this represents the status after only two thirds of the first quarter of FY 2024-25.

District budgeted financials are negatively affected by the delays in collections and hurricane restorations but in the macro, remain within budget for the FY 2024-25. After allocating expenses for the entire fiscal year, as well as, community reserves and contingencies (see below), there are sufficient funds to conduct the business of the community for the foreseeable future.

FY 2024-25 YTD Budget Performance

Revenue

As of November 30th, the District collected only 3% of the assessments to a combined revenue total of \$122K including the interest income from both the ICS & Wealth accounts. An additional \$1.3 M was collected by mid-December, though not part of this reporting period.

The timing of assessments collection has been modified this year due to Hurricane Milton triggering late mailing of tax statements and Hillsborough County extending the maximum discount period to 12/31/2024.

Expenses

The Administrative and General Field Operations together ended November below budget by \$118K due in part to focus on hurricane restoration which at this time is reported under Signature/Reserve expenses. Every effort is being made to collect reimbursement for the hurricane restorations from FEM (a/o 11/30/24 \$151K) see FAQ following.

Cash Flow Projections for Calendar 2024

	(Shown in \$ 000)

TP Signature Projects (unspent)	(329)	
Total Uses of Funds		(\$5,062)
Projected Funds before Jan, 2025 receipts		\$ 1,462

FAQ Numerous residents and others have inquired as to if "the CDD will be in trouble financially based on the amount of damage received from Hurricane Milton and will these costs require any special assessment or loan debt?

The quick answer is that even though all of the costs are not in, there is no expectation that any special funding arrangements will be required to mitigate the damages caused by Hurricane Milton.

It is a fact that the design of Tampa Palms, along treed spine roads, with literally acres of old and aging trees, as well as, with multiple (70) treed stormwater ponds, left Tampa Palms with more vegetative damage than more "clear cut" communities with new plantings.

That said Tampa Palms was aware of this vulnerability (board-reviewed a number of times) and has reserves for such situations.

More important, Debris removal activities, such as clearance, removal, and disposal, are eligible for reimbursement from FEMA as Category A if the removal is in the public interest based on whether the work:

- Eliminates immediate threats to lives, public health, and safety:
- Eliminates immediate threats of significant damage to improved public or private property; or
- Ensures economic recovery of the affected community to the benefit of the community at large.

Monitoring of the debris removal operations is also required to be eligible for FEMA to determine the eligibility of debris removal operations, the Applicant must provide debris types, quantities, reduction methods, and pickup and disposal locations.

Patricia Thibault has coordinated monitor services documentation of all contracted debris operations to ensure that the CDD and its contractor removes eligible debris.

The monitoring, staging and recording processes are long but well worth the effort for any reimbursement.

Focus For 2024-25

Re-Presented Jan. 2025

The Tampa Palms CDD is a unit of State of Florida special-purpose government with limited boundaries and is distinct in both form and function from general purpose government entities including but not limited to the City of Tampa, Hillsborough County etc.

The TP CDD authority is laser-focused and limited in attention to the properties owned by the CDD or shared with the City of Tampa.

- The CDD has no enforcement powers
- The CDD's public funds cannot be spent on private property
- CDD attention and activity is limited to that which occurs within its boundaries.

The majority of the CDD budget addresses community aesthetics - making residents proud of their homes which demands seamless care of both publicly-owned property, as well as, Tampa Palms CDD-owned property.

- City-County property 40%
- CDD Property 60%
- City Potable Water Costs 79% / Irrigation City-County Property

Tampa Palms defines the standard of care as that which is observed from a vehicle at 35 mph.

1 FOURTH ORDER OF BUSINESS – Approval of Minutes

- 2 Mr. Oneal asked for confirmation that everyone had read the minutes and were there were
- 3 corrections or additions. Seeing none he then asked for a motion to approve.

4

- On MOTION by Ms. Falkowitz, SECONDED by Mr. Diaz WITH ALL IN FAVOR, the
- 6 Board approved the Minutes of the October 21, 2024 CDD Board Meeting.

7

9

10

11

12

13

FIFTH ORDER OF BUSINESS - Approval of District Disbursements

Mr. Oneal noted that the checks had been reviewed for consistency and any missing check numbers appropriately reported as void.

On MOTION by Ms. Falkowitz, SECONDED by Mr. Diaz WITH ALL IN FAVOR, the Board approved the Disbursements for the month ending September 30, 2024 in the amount of \$268,897.81.

SIXTH ODER OF BUSINESS - Consultant Reports

♦ Hurricane Updates

. Ms. Wilson broke the restoration into three components, immediate safety needs, clean-up and renewal, and updated the board on the status of each.

It was agreed that clean-up would take most of the rest of the year and renewal to follow.

2324

25

26

27

28

29

Ms. Wilson reviewed the impact on the on structures and noted that the CDD building was not heavily damaged but there was one park bench structure that was mangled under a fallen tree.

She also noted that the granite Somerset monument (Amberly Dr) was severely cracked and the granite needs to be replaced. She obtained a quote for \$9,300.00 from Arete to replace the granite. The work will take about six weeks.

On MOTION by Ms. Falkowitz, SECONDED by Mr. Diaz, WITH ALL IN FAVOR, the Board approved the replacement of the granite on the Someset monument for an expense of \$9,300.00.

Next Ms. Wilson reviewed the status of debris removal. She reviewed the manner and places where the storm debris was stored post collection.

She described the application made to FEMA for reimbursement of debris removed for health and safety from public areas.

♦ Returning To Normal

Ms. Wilson explained that every effort is being made to restore a sense of normal in the community, especially with the holidays fast approaching.

The mums are in and Fall annuals and the OLM inspection rating, 94.5%, reflects that work to bring things back "normal".

Ms. Wilson noted that in the coming weeks the December annuals will arrive, along with the holiday poinsettias.

She reported that work had already begun on the holiday lighting which shold start to commence display the weekend after Thsnksgiving.

29

- She outlined the next steps to be taken to correct 6
- 7 which included declaring the seat to be vacant by

Resolution. Appointment of the incumbent by the board can take place in January.

8 9

On MOTION by Mr. Field SECONDED by Mr. Diaz with ALL IN FAVOR, Resolution 2025 10 11 -1 was approved by the Board declaring Seat 5 vacant.

Reviews

Staff reviews were conducted by vice Chair Oneal who advised that the district's private-sector business model produces favorable outcomes

come from repeatable, reliable business systems, 17

processes and capable staff. Mr. 18

19 recommended a 3% increase for Ms. Braboy,

Administrative Assistant and a 3.5% increase for Ms. Wilson, GM, commencing Oct 1, with 20

21 the start of the fiscal year

- On MOTION by Ms. Falkowitz SECODED by Mr. Diaz ALL IN FAVOR, a 3% increase 22
- WAS APPROVED for Ms. Braboy, Administrative Assistant. 23
- On MOTION by Ms. Falkowitz SECODED by Mr. Diaz ALL IN FAVOR, a 3.5 % increase 24
- 25 WAS APPROVED for Ms. Wilson, General Manager.

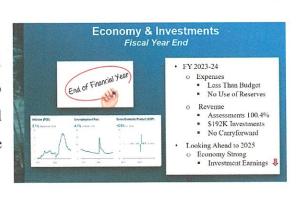

Economy and Investments

Ms. Wilson reviewed the end of fiscal results and noted that due to the investments, no reserve monies were utilized. She briefly touched

on the FY 2024-25 options and noted that the 30

31 economy was strong.

General Overview

Over-all, the community fared well through the holidays. The holidays are an important time for Tampa Palms as friends and family visiting makes the *look* of the community an integral part of the holiday festivities. Both on social media and by calls to the CDD, neighbors have complimented Tampa Palms, specifically the appearance and the nighttime holiday displays. Welcome news indeed considering the impact on Tampa Palms made by Hurricane Milton.

The OLM inspection earlier this month rated the property at a 95.5% reflecting the yeoman's work required to get the boulevards cleaned, cleared and up to standards in the wake of the storm damages.

What was not obvious to the Tampa Palms residents is the fact the ABM stepped up with 12 hour days for the four weeks after the storm, plus ABM has a crew onsite every Saturday morning until noon.

To celebrate the hard work and commitment by the teams, Joe Laird had a preholiday luncheon catered and staff and Joe provided "goody bags" as a surprise for everyone with sweet treats and lottery scratch-off's in each.

Joe said he wasn't sure what he would do if someone won "big" as he can't afford to lose staff.

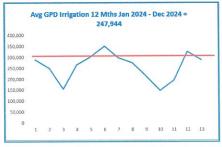

Irrigation Management & Restrictions

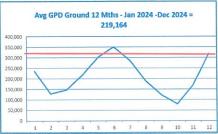

The CDD's pump stations provide irrigation water from the aquifer to the parks (Hampton, Amberly, Compton) and to the spine roads in the community:

- Tampa Palms
- Amberly
- Compton
- Yardley (approximately ½ mile to the entrances to Tremont)

The use of aquifer / well water is permitted by SWFWMD WUP and the CDD is permitted to use an average of 313,400 gallons per day. The SWFWMD permit requires monthly reporting of:

- The amount of water pumped from the wells
- The amount of water used to irrigate
- The level of the ponds that hold the irrigation water (2)

The middle portion of 2024 was quite dry and water use was up (though not over the 12 month average); the twelve month running average is within the permitted parameters, even with the losses due to mainline damages along the boulevards.

To get ahead of any water loss issues, ABM has also assigned two technicians to report at 6 AM M-F to drive the spine roads and look for off-road damage, especially near valve boxes, any signs of flooding anywhere. This has been successful

Street & Traffic Control Sign Restorations

A number of street and traffic control signs were already before Milton in need of attention due to dirt, mildew and ground settling. The hurricane winds pushed some in the Enclave almost to the ground. The signs along Tampa Palms Blvd, Amberly Drive, Compton Drive and Yardley Way have been straightned, cleaned and painted.

The village signs will be next, beginning with Tremont where a number of signs need attention.

Tampa Palms Trees

Without a question the trees in Tampa Palms are one of the major reasons for the general upscale look of the community – both along the boulevards, in the parks and in residents' yards in the villages.

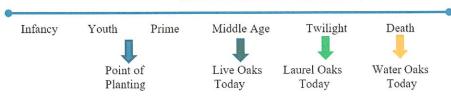

Unlike many communities with limited "forested" areas, unquestionably Tampa Palms has a lot of trees and that fact was a huge contributor to the damage suffered from Hurricane Milton that affected residents, the CDD areas and the Country Club where the damages were listed in the millions.

The most common oaks in Tampa Palms are the laurel oaks followed by live oaks. The most frequently planted oak was the laurel oak, the most frequently naturally occurring is the live oak. The estimated life spans of the various oak trees are as follows:

	"Rural"	Urban
Species	Life Span	Life Span
Water Oak	30-50	30-45
Live Oak	150 - 200	127-170
Laurel Oak	50-70	42-60
Turkey Oak	50-70	42-60

When the trees were planted they were already 10-15 years old. The age of many trees contributed to the damage.

Palms trees were not excluded from the damage as the wind sheared the tops or heart fronds from palms, leaving them dead or dying.

The picture to the right is of a median at Tampa Palms Blvd and Halsey (Wyndham) and these palms will have to be removed. There are many others including two palms at the main entrance that were similarly affected and the were removed in advance of the holiday decorations.

Tampa Palms tree damage was substantial and work is continuing at a rapid pace in order to hopefully obtain FEMA Public Assustance funding which will be reviewed next.

FEMA Public Assistance Funding

FEMA includes a process to fund certain public entities for work conducted for health and safety emergency effort required as a result of a declared emergency.

The CDD is a unit of State of Fla government and as such is eligible to file for reimbursement of the storm debris work done after Huricane Milton.

Patricia Thibault has experience with the FEMA operations and has done emmence work filing the initial application, securing a required "official monitor" and finding support to transport the collected debris to the FEMA sites.

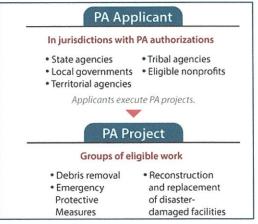

A facility must be a a state, territory, tribe, building, public works local government or system, equipment or private nonprofit natural feature. organization. Work is categorized as either "emergency" or "permanent." It must be required as a result of the declared incident, located within the designated disaster area, and is the legal responsibility of the applicant. Cost is the funding tied directly to eligible work, and must be adequately documented, authorized, necessary and reasonable. Fligible costs include labor, equipment, materials, contract work, as well as direct and indirect administrative costs.

An applicant must be

Debris Removal (Category A) - Applicants such as the CDD may receive direct assistance and reimbursement for the costs of removing debris and wreckage from public and private property when FEMA determines such work is in the public interest.

A FEMA trained monitor is required who

- Observes the locations of damage and assesses the effort / cots required.
- Photographs the truck contect loaded for transport to the FEMA managed dump sites.
- Confirms the weight tickets provided by the FEMA dump sites.

Patricia coordinated the appointment of a FEMA credentialed monitor who has been on site and working with the ABM team. She also arranged for transport vehicle with grapple hooks for loading and transporting the debris.

The timing is difficult due to the holidays but the work is moving along. It should be noted that almost every day a failing or falling tree is observed and added to the projects. In the following pages is a brief review of the work in progress and not yet completed in two groups:

- 1. A review of the existing damaged trees remaining along the boulevards and storm water ponds.
- 2. A report on the work in Oak Park that remains

Remaining Damaged Tree Management

There remain a number of sites along the boulevards where there are trees that are leaning precipitously over roadways or sidewalks.

The trees are primarily extend out from CDD-owned landtracts along Tampa Palms Blvd or Yardley Way (in the vacinity of Oak Park).

Some trees extend due to heliotropism caused by forest crowding but many are vistims of the hurricane and will require attention. Except for residents who walk, most are unaware of these trees which will require attention.

Additionally there are multiple locations where palm trees have been damaged and must be removed including:

- Tampa Palms Blvd @ Penwood
- Tampa Palms Blvd @ Halsey
- Compton Dr.

There are also damaged trees along stormwater pond banks that threaten the stability and operation of the retention mission. Removal of these trees is tricky business; behind the trees are resident properties which limit the methods that can be used for removal.

Even more difficult to safely remove are the trees that collapsed into the Palma Vista pond. These were shown to the board in November.

This location was poorly designed by the developers of Palma Vista as the trees were planted immediately on the banks.

A number of trees have been lost over the years in Palma Vista but this time Hurricane Milton caused almost all of the trees along the bank adjacent to the townhomes to fall and many along the conservation area.

Removal requires specialized equipment (skid steers and properly outfitted boats).

The company providing services debris transport services to the FEMA dump sites will remove these trees.

The plan is to cut the roots even with the ground and reset the root balls back to the degree possible.

Work should be finished by Jan 10th.

Oak Park Report

Oak Park is located along Yardley Way, running from Tampa Palms Blvd to Fairchild at the entrance to Tremont. It is bordered on the west-side by the power corridor, the Duke portion.

It includes 12 acres of conservation area, which includes a legal conservation easement in favor of the City of Tampa which in part restricts use as follows:

The following acts and activities are expressly prohibited within the boundaries of the conservation easement areas: (a) Construction or placing of buildings, roods, signs, billboards or other advertising, or other structures on or above the ground.

In compliance with those restrictions, there are no buildings in Oak Park and only two paths, one from Yardley Way to middle of the area where there is a open area and several benches and garbage cans. (Shown in blue below.) This path connects to a path that runs north and south and ends with the boundary with the corridor. (Shown in yellow below) Tree limbs that are trimmed along the paths are left in the forested area.

The original developer plans for Oak Park included roads, parking and more; this was stopped by the City.

The CDD paved the paths with a permeable asphalt a few years ago as permitted by the City

The area remains a natural treed area with many types of oak trees and native shrubs.

Hurricane Milton created substantial damage in the area of Oak Park. Board members have previously been shown the damage done to the exterior portions of Oak Park along Yardley Way. The pictures below are from Yardley Way after the road was opened. The sides of the roadway and sidewalks are buried.

The interior of Oak Park did not escape damage. Many of the trees in much of the interior are mangled and misshapen or have fallen.

As sad as the loss of a tree can be, there's also some positives because fallen trees provide many different types of valuable and often overlooked habitats.

The nutrients these trees used to build themselves during their lifetime are spread into the soil and make it richer for other plants around it to use. These nutrients are essential for small trees to grow and replace the dead ones.\

Fallen trees also sustain the many detritivores that feed on the decaying wood, like fungi and beetles, earthworms, etc. This means that other animals that prey on those detritivores also benefit, like the robber fly that eats beetles. In turn, the predators of those predators can also find food (like birds and bats) and so on.

The space left by a fallen tree allows more light to reach the forest floor, as well as, provides space for other vegetation to take root and flourish.

If a tree falls and takes others down with it, this helps the plants around it even further.

For the most part, the interior portions of the Oak Park forest away from the paths, will regenerate in the manner in which nature provides without outside interference.

That said there is plenty of work that must be done along the path portions of Oak Park to make the paths safe and hospitable for the Tampa Palms residents, as is detailed next.

Entering Oak Park from Yardley Way on the main path, there is clutter along the path but the path itself is not damaged.

At the clearing, a major oak tree collapsed into the clearing and that tree will have to be cutup and possibly used to block open spaces onto the power corridor (see below).

From time to time individuals on power corridor cut holes to drive vehicles. It is clear that there is debris dumping These areas are routinely blocked by using trimmed limbs.

The south end of the path that parelells the corridor includes a modest amount of work to trim dead or dying branches that extend over the path. There are more worrisom branches than are usually trimmed during the winter cleanup due to Milton but nothing outstanding.

As mentioned above, some limbs are used to stave off intruders from the power corridor, particularly those in vehicles.

Board Appointment and Organization

In 2024 three CDD board member seats were due to expire. All three supervisors submitted the proper paperwork to run for their seats in the General Election. Unfortunately for some reason the Supervisor of Elections organization did not include the seat 5, currently occupied by Tracy Falkowitz, on the ballot.

No other qualified elector applied to run for Seat 5.

The instructions to remedy this situation provided by the CDDs attorney included a three step process:

- 1. Declare the seat vacant [This was done in November 2024 by Resolution 2025-1.]
- 2. Appoint a qualified elector. [Scheduled for Jan 2025 CDD meeting]
- 3. Approve by Resolution the officers of the District. [Resolution 2025-2 follows]

Per Florida law, with no elector on the ballot for Seat 5 of the Tampa Palms CDD, it falls to the Board to appoint the member. The incumbent serves until the seat is filled.

190.006 2.b If no elector qualifies for a seat to be filled in an election, a vacancy in that seat shall be declared by the board effective on the second Tuesday following the election. Within 90 days thereafter, the board shall appoint a qualified elector to fill the vacancy. Until such appointment, the incumbent board member in that seat shall remain in office.

The next step is for the Board to appoint by motion Tracy Falkowitz to Tampa Palms CDD Board, Seat 5.

Finally, the Board should designate by Resolution the officers of the District (both voting [only supervisors] and nonvoting).

A copy of Resolution 2025-2 follows for Board approval at the January meeting.

RESOLUTION 2025-02

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE TAMPA PALMS COMMUNITY DEVELOPMENT DISTRICT ["DISTRICT"] DESIGNATING THE OFFICERS OF THE DISTRICT

WHEREAS, the Board of Supervisors of the Tampa Palms Community Development District at the business meeting held on January 8, 2025 desires to appoint the below recited persons to the offices specified.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE TAMPA PALMS COMMUNITY DEVELOPMENT DISTRICT:

1. The following persons were appointed to the offices shown, to wit:

Gene Field (Board Member)	Chairman
Donald Oneal (Board Member)	Vice Chairman
Tracy Falkowitz (Board Member)	Assistant Secretary
Richard Diaz (Board Member)	Assistant Secretary
Gregory Horvath (Board Member)	Assistant Secretary
Patricia Thibault	Secretary
Gene Field & Patricia Thibault	Treasurer(s)
Mary-Margaret Wilson	Assistant Secretary

2. That this Resolution supersedes all previous resolutions and motions designating, electing or appointing officers adopted by the Board of Supervisors of the Tampa Palms Community Development District and are hereby declared null and void.

Adopted this 8th day of January, 2025

Don Oneal, Jr. Vice-Chairman	
Don Oneai, 31. Vice-Chamhan	
Patricia Thibault, Secretary	

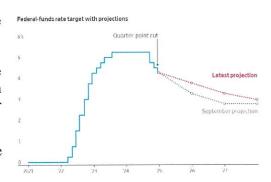

Financial Conditions / Cash Management

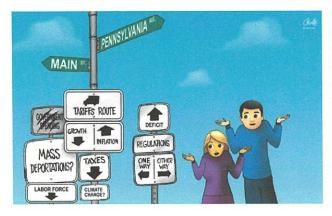

Clearly the Tampa Palms CDD is far downstream of the forces that drive the financial conditions affecting the cash management of the district, making the decisions regarding investment options more than difficult.

Mixed messages abound and it is not only the CDD's Vice Chairman who is perplexed by them.

The Fed pulled back on predictions of the number and degree of rate cuts, cutting the rate by only a quarter point in December and posing the possibility of reducing the number of future rate cuts.

While the stocks tumbled, treasuries showed more promise and that is encouraging for the CDD investments.

The FMOC, in particular Chairman Powell, often states that its interest-rate policies need to be "forward looking"- taking into account projections of future price pressures and employment condition - because it takes time for changes in borrowing costs to filter through the economy.

"Forward looking" is difficult with uncertainties about future changes, and disquieting indications of the possibility of future price pressures painting an uncertain picture, as depicted in a cartoon published by Schwab.

At this point the CDD investment profile is as follows:

- The current investments have already created \$72,249 in income.
- \$250,000 is available for reinvestment s of Jan 8th
- \$1,364,544 becomes available in March 2025 for reinvestment, with every expectation that the six month earnings will complete the budget for FY 2024-25
- A final \$942,226 becomes available in Sept 2025, income to be realized in 2025-26

The chart below displays a full descriptions of the securities on hand including name, cusip number, interest rate, principal and maturity date.

CDD Organization Matters 2025

Organization Documents

The Tampa Palms CDD adopted organizational documents/statements that serve to establish the purpose of the organization (Mission Statement), define the organizational objectives that reflect and flow naturally from the purpose of the organization (Direction Statement) and those standards which form the foundation on which the Board conducts itself (Core Values). Board Members assume roles that oversee the framework or context within which the District's strategies are formulated (Leadership Roles).

Each year at this time the Board reviews the CDD organization documents, which were developed by the Chairman, to assure that the documents reflect current thinking and are consistent with the direction the Board is leading the community.

If there are any changes that more clearly reflect CDD stewardship, please advise staff so that any modifications can be discussed as part of the January meeting Agenda.

The documents follow include:

The Organization Documents for the Tampa Palms CDD For 2025

Tampa Palms CDD Perspective & Metrics

Tampa Palms CDD

CDD Direction Statement

Re-Presented (1/8/25)

Provide timely and effective leadership to protect and preserve the safety and quality of life in Tampa Palms, mitigating the impact of <u>externally-driven changes</u>.

Tampa Palms CDD

Re-Presented 1/10/24

Mission Statement

Provide respected and effective leadership for the continuous improvement of Tampa Palms I & II, in statute-authorized CDD responsibilities:

- assessment and collection of taxes & revenues
- protection and maintenance of CDD assets

<u>Tampa Palms CDD</u>

Re-Presented (1/10/24)

Core Values

We are accountable to our residents for our decisions, actions and inactions.

We work as a team and with the community, committed to open and honest communication, mutual support and respect for each other.

We are a growing and learning organization committed to change and innovation to provide the best possible community for our residents.

We help each other listen, to understand our resident expectations and do all we can to meet them.

We are accountable to the community, for the integrity of all financial reports and communications.

We will be vulnerable in front of our residents to have the public debate required to make the best decisions.

Leadership

Financial Management

Field & Oneal

Facilitate Board oversight role by providing:

- Development and analysis of annual operating budgets.
- Definitive and actionable interim account reports.
- Balance sheet analysis related to Board decisions.
- Cash flow projections related to short and <u>long-term plans</u>.
- Oversight of forward looking directional plans.
- Oversight of district resource allocation.
- Analysis of annual audits and internal controls.
- Provide financial leadership and direction to the treasury management effort, particularly as relates to efforts to achieve maximum (and safe) return on investments.

Jan 8, 2025

Leadership

Local and State Government Liaison

Falkowitz

- Monitor CDD mission
- Leadership in resident education of CDD responsibilities vs. TPOA
- Monitor changes to laws regarding CDDs
- Coordinate Tampa Palms interests with City Council members.
- Monitor transportation changes and their impact on Tampa Palms, particularly traffic safety and plans for changes to I-75.
- Monitor web site adherence to State requirements
- Co-ordinate staff liaison with TPOST 3 and TP North to assure achievement of common goals.
- Provide leadership and direction to the continuing branding efforts from the perspectives
 of Tampa Palms and the greater community. This would include at a minimum the efforts
 to assure the safety and ambiance of Tampa Palms in such areas asy repaving and other
 projects.

Jan 8, 2025

Leadership

Landscaping and Community Appearance

Oneal

- Monitor landscape maintenance performance and coordinate with OLM and ABM.
- Oversee development and implementation of routine improvement activities.
- Develop, implement & monitor a community program to progress the Tampa Palms community to drought-resistant and winter resistant landscape.
- Provide leadership and direction to the continual branding effort from a landscape perspective.
- Work with staff and consultants to develop, implement and monitor Board programs to continually revitalize and keep fresh community landscape.
- Provide leadership and direction to the water conservation effort from the perspective of the complex irrigation system infrastructure and the critical need to reduce to a minimum water use in this time of Level 1 Emergency Water Restrictions.

Jan 8, 2025

Leadership

Parks & NPDES

Horvath

- Work with staff and consultants to develop, implement and monitor Board-approved programs to continually enhance parks.
- Monitor the effectiveness of park staffing and park asset protection programs.
- Monitor preventive maintenance programs (such as Sunshine One Call) and District response to problems.
- Monitor emerging NPDES requirements
- Oversee changes in NPDES requirements and the District plans to comply.
- Work with staff and consultants to develop, implement and monitor programs to continually revitalize irrigation.

Jan 8, 2025

Leadership

Infrastructure and Facility Oversight

<u>Diaz</u>

- Work with staff and consultants to develop, implement and monitor Board-approved programs to continually enhance entrances, community lighting and other infrastructure.
- Observe irrigation system performance as reported by staff and assume leadership role before Board to the complex subject of irrigation, particularly regulatory matters.
- Identify community infrastructure needs such as village entries and boulevard walls with staff & residents
- Monitor construction and development activities in and near Tampa Palms to assure best interests of the community are served.
- Assume an overall leadership role in the ongoing branding of Tampa Palms from a project design perspective.
